
TWELVE MEN LEAVE

Monday morning found 12 men leaving this co. for home as they did not care to re-enroll for another six months. We regret to see these men leave and hope that they find suitable employment on the outside. Several of the men said that they had good jobs, and were leaving to accept them. The "Suwannee Echoes" and the boys of 450 wish them the best of luck and hope they meet again sometime along lifes journey, We wish that they could have stayed withus, and to prove the last night they were here a farewell supper was given in thier honor. They will undoubtly remember the supper a long while and the talk that Sarg. Middelton made for them.

- -

BAGLIO DISCHARGED

P. P. Baglio was honorably discharged to accept employment and although we miss Baglio we hope that he will fit into his new job and have the best of luck.

Baglio was formaly our Co. clerk and mail orderly here. His home is in Miami andn he will work there.

3rd CCC ANNIVERSARY

April 1st dawned the 3rd anniversary of the CCC, which is beginning the fourth year.

Under the present conditions we expect to see April 1937, with the CCC's progressing even better than they are at the present.

DANCE LAST SATURDAY NIGHT

Last Saturday night the square dancers again gathered at Co. 450 the go round and round. As the boys from the camp sat in the corner and made music along with a few outsiders the couples ringed up and thus the dance went forward.

Ice tea and cakes were served for refreshments and everyone seemed to have all that he could eat and drink. It seems that everyone of the dances get better and better as everyone said that this one was even better than those before.

The dance began at 8:30 and lasted until 12:00.

OVERHEAD CUT

This week the overhead was cut down and some of the men sent to the woods. M. Bell, I. Milburne, Yoemans, W. Jackson were some of the men sent to the woods. However this will not be new work to these men as they have all worked in the woods before and can take it.

- -

BASEBALL DIAMOND IN SHAPE

The players in Sundays baseball game found the baseball diamond in good shape. The men around camp have been working on it and since the roller has been secured it was well packed and is in A-1 shape now. We will try and keep the diamond in good shape for future games to be played here.

EDITORIAL
"Sponges" and "Sponges"

Sponges are of many different kinds, and there are many definitions of the word "Sponge".

There are even two dinds of human sponges, useful and harmful. The useful type is always ready and willing to absorb any helpful knowledge that may come their way so that they may be able to help others

The harmful human sponge is sometimes called a parasite of a sponger and like the useful type. It is not only willing but is anxious to absorb or take in anything that he may come in contact with, but, unlike the useful species, it is seldam willing to release anything that it has gained, by mean methods and without cost.

Roy Lewis

ADVICE TO THE LOVELORN

Ques. I am deeply in love with my girl friend, although she is six year my senior she wants to break-up because of the difference in our ages. What do you suggest?

Kem

Ans. Thats not love you dope, thats the maternal instinct in you.

Ques. My girl is a Catholic and I am a Protestant, she wants to be married by a Catholic Priest, and I and my parents want me to be married by a Protestant Preacher. What would you do in my place?

Case

Ans. If I were in your place I'd stay single and happy.

Ques. My girl and I, who are deeply in love want to be married. The only object is, that she is very wealthy. Please advise me.

Roy Lewis

Ans. Objection? Thats the only advantage idiot.

Ques. My girl-friend, who is apparently healthy otherwise, faints when I kiss her, Could this be sex-appeal?

Speedy

Ans. No. Halatosis.

Ques. My girl was planning to marry me until recently she has been dating another boy. Now she is indifferent to our marriage. What do you advise?

C. Johnson

Ans. Thank the other boy.

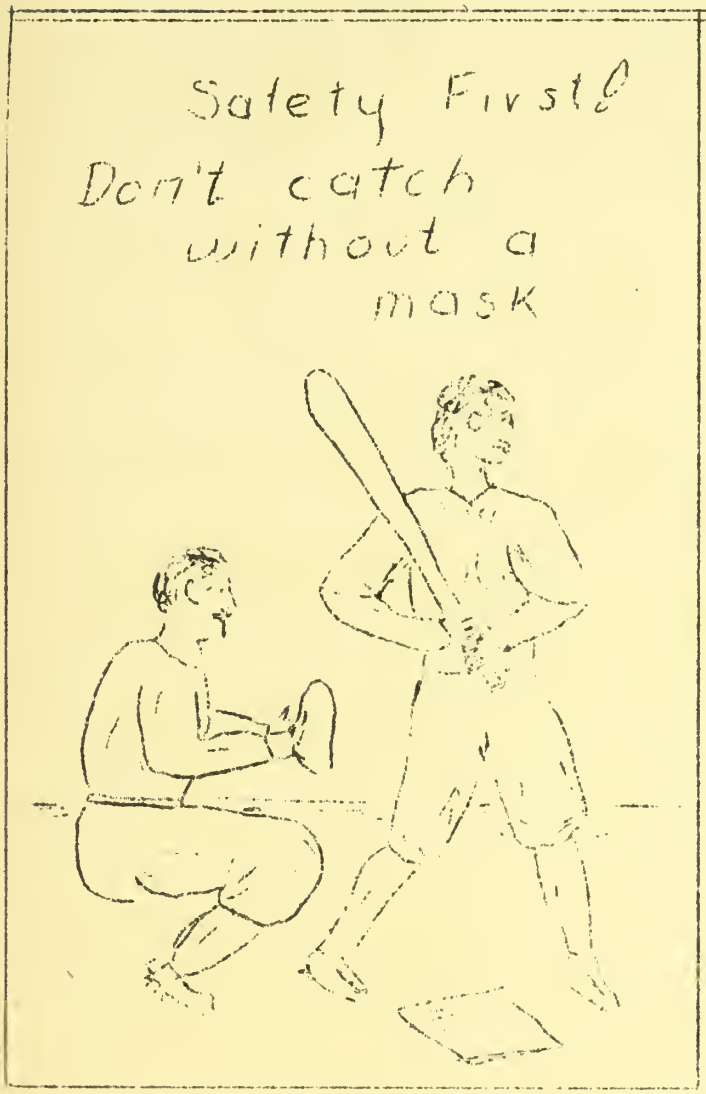
Ques. I recently married and I want to take out insurance on myself, for the benefit of my wife. Which type would you advise?

Disbrow

Ans. Accident insurance is most advisable for a married man

Boys send your love problems to Aunt Phoche, by giving them to the editor/

Live and let live.



SWIMMING

Spring is here, at last the members of the camp are seen disappearing down the river every evening which is a sure sign. We have an advantage over most camps in that our swimming hole is so near camp, and that it is an old historic river, The Dear Old Suwannee. Swimming is a great sport, it develops the body and lungs and gives you great pleasure while doing it.

Everybody should be able to swim it is very helpful to know. Sometimes saving your life and moreover you are able to save or help save some one else's life. Later on in the year there will be swimming lessons for the ones who wish them. Don't forget when you have the blues or nothing else to do, go swimming, and enjoy yourself.

BASEBALL GAME

Last Sunday the Co. 450 niners were defeated by the Brunswick team by a score of 15 to 1. The game run along smooth during the entire game with out-standing sportsmanship, on both sides.

During the game McMurrian and Foster of Brunswick batted a three bagger each, to their credit. Brandon made a home run for the Brunswick team in the seventh inning. Brunswick was credited with three errors during the game while the 450 niners were credited with seven errors. Woodcock made a three base hit which led the White Springs batting. Noland also made a good hit which carried him to second base.

The players did not hesitate to work hard and stand back of the pitcher, Harrold Norris during the first four innings as he hurrled the ball accross for three strike outs inspite of the suffering of a sore arm. Andreu stood in the box for the next three innings for one strike-out. Cody pitched the last two innings making two strike-outs. Morgan played outstanding ball for Co. 450 team on second base.

SUMMARY AND LINEUP

HORSE SHOES

The camp has been taken in by a sort of epedemic of the horse-shoes, that is to say that the game is very popular around camp at the present. Hijak seems to be the champ and Norris runner-up.

ONE YEAR AGO
Taken from Suwannee Echoes Dated April 5, 1935.

Lieutenant Thomas P. Anderson, Jr., Post Exchange Officer and Recreation Officer here for the past six months, is scheduled to leave this camp Thursday April 9th.

It has been a pleasure for the men to work with Lt. Anderson on the play grounds and they wish that it were possible for him to stay.

Today the CCC is having its second Birthday. It was April 5th, 1933 when the CCC was officially "born". Being one of the Presidents first, "New Deal" projects, and affecting the thousands of lives it has, the public is naturally interested in its accomplisments and its present standing.

At the regular quarter-annual election of officers Wednesday night, Willie Frank Middleton was elected president of the Suwannee Club. He will hold office until July 1st.

For the pastt three months, Tom R. Davis has been president of the club.

Other officers elected Wednesday night were: Walter Judd, Vice-President, Who succeeds R. E. Johnson; and Pat Funderburk, Secretary, who succeeds D.R. Lawto

"SUWANNEE SLUDGE"

Otis Green is enter the limelight at last. The dance seems to have played the part of cupid with him,he is now dating one of the fairer sex.

Libby, Libby, Libby, the words to the country girls new love songs. Libby just because you drive that big truck, don't think you can drive all the country boys away from their girls.

Dennard don't get as lazy as Bill Leseman because if you happend to want to dance (and you had boots on), you would never get them laced and tied.

Elmer our new choir singer, says he would gladly give lessons in voice. Elmer the only kind of voice lessons you could give would be calling "hogs".

Our wonderful "Willie" seemed to take up a certain tall blonde's time to such an extent that she did not even get to dance enough to get tired. Willie it wouldn't be so wonderful if a certain girl in Tallahassee should hear of this.

Eadie is on his way to a new camp that is as soon as he can get five references and a discharge so he can take his job as Educational Adviser. Only to find out it is an April fool telegram.

Our Master Mechanic is now to be promoted he has all his tools packed and is as happy as a lark. Only to be told April fool.

April 1st. Fools Day--Martins Day.

(Continued)

Red Dixon has a job, Oh! here comes the mail man. So Red rushes out and sends two post cards, one to mother telling of good luck the other to the employer telling him how soon he will arrive. Dear old Red pitches an Atwell fit when informed that it was April 1st.

Bill Leseman packed up his clothes and is crying in one eye and laughing in the other. The laughin eye is for the five day pass which he is just before getting and the crying one is concerning the telegram just received that his brother was seriously injured in an auto accident. "Come at once". Only to be told you can't have this pass it is only April fool.

Frank M. who was the girl friend that you went violet picking with the other day.

Burke your hair is looking sick since you let all of that femine dye out of it. Try blond color the next time.

Now that Staten has won himself a radio maybe Hodges's dream will come true and he can play over the radio. All he will need will be a step-ladder.

Speedy and Pop were having a hard time making up for the dance as they were using corn meal for face powder. Pop was doing most of the using on Speedy.

Jimmy R. received a very interesting telephone call the other day and we wonder who it was from. They say that they talked to each other, they must be in love.

SUN AND RAIN

Thursday morning found the sun shinning and the weather fine but along about 11:30 the sky was cloudy and it looked as if it was 6:30 instead of 11:30. About 15 min. later the rain and the wind came. It kept up the bad work for about one hour and then it died down and began to turn cold. Some of the boys reported hail along with the rain. Friday, the day after it turned cold and the boys being dressed for sun and summer found it very unpleasant. However the sun came out later in the day warming things up quite a bit.

SAFETY PROGRAM

This weeks safety program consist of safety in sports. Due to the fact that the summer is just before us it is necessary for us to think of the dangers that go along with the many sports.

While watching baseball games it is necessary to be precautious by not getting too clost to the bat so that you may be struck by a fowled ball or a thrown bat. Swimming is just ahead of us and we all should abide by the camp regulations concerning swimming. Never go swimming by your self.

Do your part to make safety first be first. Lets make this summer a real sports season without a single accident.

NEXT WEEKS PAPER

The Editor congratulates the Reporters for their intrest in this copy of the pape. Because of shortage in stencils it caused the paper to be cut to a six paggepaper while an eight page paper had been planed for. Next week we expect to see an eight page paper and the cooperation of all on the staff is expected to that extent.

'Suwannee Echoes' is your paper lets make it the best paper.

- -

CLASSES NEXT WEEK

Next weeksallpthosewishing to work on leather craft will have the oportunity to do so on Monday and Tuesday nights.

The Journalism group or Reporter for the paper will meet as usual on Monday night in order to get the set up for next weeks paper.

Beginning Monday night the truck will make its trips to the night school. Those that have been attending will continue to do so if they wish and we expect to see some of those that have not yet been to make a trip and see how they like school.

NOTE

New papers are beginning to come in the library, drop in and read them.
